29TH ANNUAL
BEST OF ALL WORLDS SALE

MARCH 21
2026

1:00 PM CST - At our homestead
3271 K Road - David City, NE
Lunch provided

Selling

33 Bulls

19 Open Heifers

Gelbvieh, Angus, Balancer,
Simmental, & Red Angus Cross

www.schawangcattle.net

Dear fellow cattlemen and cattlemen;

Yes, I said cattlemen and cattlemen because this is my chance to say what I think and I think our country has gone goofy with pronouns and gender confusion. Women are women and men are men, period. Now that I've said that:

Thank you for your interest in our breeding stock program. We are at an amazing time in cattle business. Amazing prices and amazing profits. The experts say the national cattle numbers are low and prices should stay good for awhile. I hope they are right.

The old rule of thumb is that you value your new bulls at the value of 3 calves when you sell them. So if you sell feeders directly off the cow a bull should be worth around \$6,000 and if you feed your calves to finished weight the bull should be worth around \$12,000. It makes sense to pay more if you keep the calves longer to recapture more of the bull's value.

Things have been great in Butler County. It is dry but I've never complained about a dry winter. Hopefully it will rain in the spring.

Thanks again for your interest and please call with any questions.

Randy & Mindy Schawang

TERMS OF SALE

All sales are cash or good check on the day of sale.

Announcements on sale day will take precedence over printed material.

HERD HEALTH

All females are preg-checked open.

Cattle have been managed with a comprehensive vaccination program and parasite control. Bulls will be semen checked. All bulls are virgins. Our herd is at stage 5 of the Johnes Herd Certification program. All animals in the sale have been tested negative for BVD.

Sale Conditions, Care & Guarantee

Conditions of Sale

Guarantee, terms and conditions not specifically addressed elsewhere in the catalog will be per respective breed association guidelines. Schawang Cattle Co., sale staff and assistants are not liable for accidents or injury.

Bull Care

Bulls can be left at Schawang Cattle Co. free of charge until breeding season, or July 1. This is to allow our customers flexibility in receiving bulls and to help prevent injury from mixing bulls. Bulls are left at buyer's risk. Schawang Cattle Co will deliver bulls free of charge to Nebraska customers, to connecting states if purchase is over \$5,000, and anywhere in North America if purchase is over \$15,000. We will work with customers to get animals to their new home as economically as possible.

Breeding Guarantee

As written by a lawyer

Bulls are warranted to be breeders (defined as the ability to settle an average number of cows during the first breeding season after attaining 18 months of age), with the exception of bull calves sold at the side of dam, or due to injury or disease suffered or occurring after sale. THIS EXPRESS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OF IMPLIED. In the event of a breach of warranty and upon timely notice, Buyer may return the animal for a full refund of the purchase price or, if available, substitution of another of like kind and value. THE REMEDIES SPECIFIED FOR BREACH OF THIS WARRANTY ARE IN LIEU OF ALL OTHER REMEDIES WHATSOEVER, INCLUDING INCIDENTAL OR CONSEQUENTIAL DAMAGES.

As written by Randy

If something goes wrong with the bull in the first 90 days after turnout, we will replace the bull if one is available. We will help you find a replacement if we don't have one, and give you credit toward our next sale for the purchase price less salvage value of the bull that went bad.

If a bull is promoted as a "calving ease/heifer bull" and it turns out that he isn't, we will give you credit toward our next sale of the purchase price less salvage value.

If a heifer purchased on our sale doesn't get pregnant, we will give credit less salvage value for our next sale.

What we will not do is refund or credit more than the purchase price or be responsible for open cows, vet bills or lost calves.

Our goal is that you are happy with the seedstock you purchase from Schawang Cattle Co. In the case of guest consignors on our sale, ask them what their guarantee is.

BULL DEVELOPMENT

It remains our goal to breed bulls to be the best they can be instead of feeding them to be the biggest they can be. We aim for 2 ½ to 3 pounds per day gain on the spring bulls. And a little less than that on the fall bulls which don't see feed that they don't graze until they are over a year old. This moderate growth rate allows their feet, legs, and testicles to develop properly for a long productive life.

Great bull - buy him. It's possible that I have the wrong sire, but we should know by sale day. The herd sires broke in with the cows. (see lot 53)

Yearling Balancer Heifers

HEIFER SELECTION

We have some really great heifers to sell this year. All 3 of our sons said to sell all of their heifers either because they need money or don't have a strong desire to raise cattle. Check out lot 43, 50, & 52. These heifers can add quality to any herd anywhere. And there isn't a heifer in the sale that I wouldn't like to keep. When we were taking the videos for the sale the videographer said "As good as these are, I'd like to see the ones you're keeping."
